About

Hey, I'm Ragab a passionate front-end web developer who enjoys building everything with JS. I create beautiful, dynamic, functional, and user-friendly websites to make a good user experience. And I have spent a few years learning and thinking in programming. Currently, I'm ready for a new challenge. So I'm seeking a trainee to improve my programming and professional skills.

Skills

 HTML5	 CSS3
 JavaScript ES6	 JSON
 JQuery	 React.js
 Redux.js & toolkit	 Git & Github
 Python	 SQL & MySQL
 Arabic - native	 English - conversational

Projects

My CV

My personal CV which presents me for you right Now.

- Built with HTML5, CSS3
- I used the BIM approach to write my CSS Code in a standard way

Kazomera

A large-scale real-world Project which I played a key role as the front-end developer.

- Built with HTML5, CSS3, JavaScript ES6, React, Redux toolkit
- To enhance my React project I used additional React libraries including:
 - i. React-Router-DOM: for managing and routing the website's links together with each other
 - ii. React-Hook-Form: for managing and control the forms data in good way that doesn't cause unnecessary re-renders in any change happens
 - iii. React-redux: for integrated React.js with Redux.js for state management

Education

Bachelor Of FAC: Faculty Of Commerce

Cairo university - Giza - Egypt
Undergraduate, 2022 - 2026 (As expected)
