An E-Commerce website where you can buy or hope and save products,
I used the basic principles of modern technologies and tools in this project,
As i used JavaScript - the mother of all languages - in the OOP and ES6 principles,
As i used Redux - mother of managing app-state in a predictable way - in the old way,
As i used Webpack - mother of bundling, which used by all modern technologies and tools - to minify files, minimizing images sizeing,
- Built with HTML5, CSS3, JavaScript, Redux, Webpack, Tailwindcss and Figma
